## NOTICE TO AUTHORS

The Journal of Space Mission Architecture is published by the Jet Propulsion Laboratory's Center for Space Mission Architecture and Design. The Journal's goal is to provide a medium for the presentation of space mission architecture concepts, processes and tools. Authors are invited to submit articles on all areas of space mission architecture, such as: case studies of the development of missions including new or unusual architectural challenges, non-NASA mission architectures, the mission architecture process and tools, historical or biographical notes, and space program architecture.

Authors are referred to:

<http://www.jpl.nasa.gov/csmad/journal/>

for instructions on the submission of articles.

All correspondence should be addressed to the Editor-in-Chief:
